GRIP 'N SEAL SLIP RESISTANT ADDITIVE

ADD TO "COATING" TYPE SEALER OR PAINT TO INCREASE SLIP RESISTANCE

DESCRIPTION: Glaze 'N Seal's Grip 'N Seal is a unique micronized polymer which when mixed with a coating type sealer or paint creates a textured, slip resistant surface without a sharp abrasive finish. Use on driveways, patios, garage floors, walkways, steps and pool areas.

Mixes easily with any Glaze 'N Seal coating sealer.

EASY TO USE:

- Stays suspended in sealer.
- Long wearing.
- Will not alter sealer appearance.

USES: Grip 'N Seal additive can be used with these Glaze 'N Seal Products.

- "Wet Look" Green
- "Wet Look" 2000
- Original "Wet Look"
- "Wet Look" WB
- Paver Sealer
- Slate Sealer
- Olé Mexican Tile Sealer
- Multi-Purpose Sealer

(May also use with water based or solvent-based paint.)

ALWAYS TEST when using to insure suitable application and satisfactory results.

INSTRUCTIONS FOR USE

- Add a full 12 ounce container of **Grip 'N Seal Additive** to a five gallon pail of sealer or paint. For one gallon of sealer or paint, use two ounces of **Grip 'N Seal Additive**. Mix well.
- Apply sealer as normal. Use of garden-type sprayer, lambs wool applicator or brush is recommended.
- Stir occasionally during use to insure an even dispersion.

IMPORTANT NOTICE TO CUSTOMERS:

Since the use of this product is beyond the control of either seller or manufacturer, their only obligation shall be to replace any quantity of product, which is proven defective. They cannot assume any risk or liability for results obtained, nor can they accept damages in excess of the purchase price of the product itself, which does not include labor or any consequential

damages resulting from the use of the product. Determining the suitability of the product for any intended use shall be solely the responsibility of the user. ALWAYS TEST FIRST.

CAUTION: Avoid breathing dust. Contact with eye and skin may cause irritation. DO NOT INGEST. Grip 'N Seal is not hazardous, but should be treated as a nuisance dust while mixing. Use with adequate ventilation, or wear an appropriate, properly fitted respirator (NIOSH/MSHA approved) during mixing. If dizziness, headache or eye watering occurs, get to fresh air. Keep container closed when not in use. If spillage occurs, absorb and dispose of, according to local regulations.

KEEP OUT OF REACH OF CHILDREN
DO NOT TAKE INTERNALLY

FIRST AID: If swallowed get medical attention immediately. DO NOT induce vomiting. In case of eye contact, flush with plenty of water for at least 15 minutes. Get medical attention if irritation persists. For skin contact wash thoroughly with soap and water.

This product does not meet the definition of a hazardous substance or preparation as defined by 29 CFR 1910.1200 or the European Union Council Directives 67/548/EEC, 1999/45/EC, 1272/2008/EC and subsequent Directives.
